BONUS ENEMIES WORK IN SENATE

Foes of Legislation Concentrate on Smaller Chamber in Fight.

BY THOMAS L. STOKES.
WASHINGTON, April 17.—(UP)—Administration leaders are concentrating upon the senate in their drive to check the \$2,000,000,000 soldier bonus measure which President Hoover regards as a threat to the government's financial stability.

Chairman Reed Smoot, of the senate finance committee, predicted tonight the senate would defeat the bonus if, and when, it reaches the senate. That it will get to the senate is generally conceded by house leaders, who see no way to beat it, though encouraged in the last few days by what they profess to believe is a weakening of the ex-soldiers' campaign.

"I think the bonus will be defeated by the senate," Smoot told the United Press.

Republican Floor Leader James E. Watson, Indiana, said he has made no canvass yet and could give no clue to the possible senate stand, but added, philosophically, "I hope it never reaches the senate."

Both Smoot and Watson are opposed to the bonus, and in their efforts to prevent its passage by the senate they have the co-operation of democratic leaders in that body. Both Minority Leader Joseph T. Robinson, Arkansas, and Senator Pat Harrison, Mississippi, ranking democratic members of the finance committee, are vigorously opposed to the bonus.

Representative Charles R. Crisp, democrat, Georgia, acting chairman of the house ways and means committee which now is considering the bonus bill, said it would be his "guess," based on his knowledge of house sentiment as it stands today, that the measure would pass that body. He is opposed to it.

This, likewise, is the view of House Majority Leader Henry T. Rainey, though he still thinks there may be a chance to check the measure if what he regards as a slight trend away from it in recent days gathers momentum.

Representative Wright Patman, the youthful democratic Texan who is leading the bonus crusade by his bill to issue \$2,000,000,000 in currency to pay the ex-soldiers, expects to complete his case tomorrow before the ways and means committee with further testimony designed to show it would constitute the necessary inflation needed just now to stimulate business.

The argument of the bonus advocates has centered almost exclusively on this "inflation" theory, and it is this that opponents of the measure, who are scheduled to begin their case Tuesday, will address themselves.

FUNERAL RITES TODAY FOR ALVA F. ALMAND

The funeral of Alva F. Almand, 49, former president of the A. F. Almand Flour & Grain Company, who died

ALVA F. ALMAND.

Saturday night at the residence, 29 Rockyford road, will be held at 12:30 o'clock this afternoon at the Spring Hill chapel of H. M. Patterson & Son, with the Rev. J. M. Haymont officiating. Burial is to be in the Villa Rica (Ga.) cemetery.

Mr. Almand founded the Almand company more than 30 years ago. He was a native of Madison, but had lived here practically all his life. He was one of the founders of the Avondale Baptist church, and was a deacon.

Pallbearers at the services will be Mr. C. Farrar, C. B. Mitchell, C. A. Virgin, Sr., T. B. Martin, Sam Morris and W. N. Hawkins. Mr. Almand is survived by his wife; a son, A. F. Almand Jr.; a stepson, Glen Mosley, and two brothers and two sisters.

FUNERAL RITES HELD FOR HARRY T. MOORE

The funeral of Harry T. Moore, traffic manager of the Atlanta Freight Bureau, was held Sunday afternoon at his home at 1444 Fairview road. Dr. Witherspoon Dodge conducted the services and burial was in West View cemetery.

Mr. Moore, said by rail officials to have done more than any other man to make this city the railroad hub of the south, died Saturday afternoon at a private hospital. He underwent an operation for appendicitis eight days ago and failed to rally.

Prominent men in the business of Atlanta paid tribute at the services to the work Mr. Moore had done and to his character. He came to Atlanta when its total population was 55,000 and for 30 years worked in its behalf with the bureau, seeking more favorable freight rates for this city.

Born in Federalburg, Md., Mr. Moore was 65 years old. He accepted the position which he held at the time of his death soon after removing here in 1909.

His wife, a son, Panchen Moore; a daughter, Mrs. John J. Conolly, both of Atlanta, and a sister and two grandchildren survive him.

Georgia's \$37,000,000 Taxes Collected From 243 Sources

Georgia's \$37,000,000 which passed through the general treasury last year, collected from Georgians or owners of Georgia property, came from 206 regular and 37 special, or a total of 243, different sources.

This wide variety of levies does not take into account receipts from the federal government, including \$7,330,197.51 for highway funds, which were received and disbursed to the various state agencies entitled to federal assistance.

The largest item, \$13,347,272.88, came from the gasoline, or fuel oil tax, and compared very favorably—general business conditions considered—with the total from the same source the year before. In 1930 this tax yielded \$13,446,581.

The largest slice of the fuel oil tax went to the highway fund but from it the several counties of the state received total of \$2,225,133.20 intended to aid them in local road construction and maintenance. The school equalization fund fared almost as well as the counties, receiving \$2,224,251.50.

The annual report of State Treasurer M. L. Ledford, filed with Governor Russell last week, shows that the state collects some form of tax from these 243 sources beginning with the levies on adding machine companies, advertising agents and automatic sprinklers and ranging all the way through the alphabet of 26 letters to warehouses, weighing scales and wood dealers. The list includes one or "specialists," with no other definition of this classification.

Some of these sources, from a practical standpoint, are necessarily the same but they are listed separately in the treasury report.

PHOTOGRAPHERS OPEN MEETING HERE TODAY

More than 100 photographers from all sections of the south will gather here today for the two-day annual convention of the Southeastern Photographers' Association, at the Henry Grady hotel. Registration will begin

WILLIS MCCRARY.

at 8:15 o'clock this morning and continue until 9:15 o'clock, when the convention will open.

The first hour of the meeting will be devoted to organization plans, introduction of officers, reading of communications and committee appointments.

At 10:15 o'clock one of the highlights of the first day's session will be given in a speech by A. B. Cornish. At 11 o'clock, Charles F. Naegele, widely known portrait painter, who will discuss the art of preparing the subject for the picture.

Speakers on the afternoon program will include L. L. Higginson, Mrs. Leah B. Moore, James M. Caulfield, Manley B. Brower and F. E. Lee.

At 9 o'clock tonight, in the Henry Grady ballroom, the feature social event of the convention will take place in the form of a "hobo party" and dancing.

The business part of the convention will be resumed at 9 o'clock Tuesday morning and speeches during the day will be delivered by Thurston Hatch, of Atlanta; L. D. Phillips, C. O. Towles and A. B. Cornish. A business session from 3 to 4 o'clock this afternoon will close the convention until 7:30 o'clock tonight when the association banquet will be held, at which time awards of cups and certificates will be made.

Seven silver cups will be awarded for outstanding examples of the photographic art, besides certificates of merit and gold seal awards to others. A feature of the exhibit is a display of portrait and commercial winners at last year's O. M. I. international convention, selected from a worldwide competition.

The final social event of the convention will be a dance at the Henry Grady hotel at 9:30 o'clock, Tuesday night.

Officers of the association are Willis McCrary, of Atlanta, president; Walton Reeves, of Atlanta, vice president; and Matt L. Brown, of Chattanooga, Tenn., secretary-treasurer.

Helium Is Reported Discovered in France

TOULON, France, April 17.—(UP)—Hydrologists today announced discovery of abundant supplies of helium in the suburbs of Toulon. Previously the precious non-inflammable balloon gas has been produced only in America.

The French experts were seeking new water supplies in the suburbs when they discovered the helium. If the source proves as extensive as indicated it will be developed to good effect, the construction of lighter-than-air craft in Europe may be stimulated.

MRS. FRANCIS PATILLO SUCCUMBS AT ATHENS

Mrs. Francis H. Patillo, 27, of Athens, died at a private hospital in Athens Sunday morning after an extended illness.

Funeral services will be held at 4 o'clock this afternoon at the Spring Hill chapel of H. M. Patterson & Son, with Dr. S. H. C. Burgin, pastor of St. Mark Methodist church, officiating. The body will be taken tonight to Bainbridge, her former home, for interment.

Mrs. Patillo was the former Miss Mary de Brux, and was one of the most popular figures in Bainbridge society before her marriage to Mr. Patillo, who is connected with the traffic department of the Southern Railway, in Athens.

She was widely known in Athens and in Birmingham, Ala., where she formerly resided. She is survived by her husband, her mother, Mrs. Charles A. de Brux, of Washington, D. C., and two sisters, Mrs. Thomas P. Lee, of Washington, and Mrs. Joseph V. Rackley, of Tallahassee, Florida.

FIREMAN TROY TURNER BURIED AT WEST VIEW

Final rites for Troy S. Turner, 52, of 1300 Ponce de Leon avenue, city fireman, who was killed Friday night near Newman when the car in which he was riding crashed into a parked truck, were conducted Sunday afternoon at Spring Hill with the Rev. B. C. Goodpastor officiating. Burial was in West View cemetery.

Mr. Turner, who had been connected with the city fire department as a ladderman for the last 17 years, was riding with Jack Milam, an employee of the Pedigree Dairies, Inc., and Miss Fay Taylor, of 581 Hunt street, it was said. Both Miss Taylor and Milam were slightly hurt.

Surviving are his wife, two brothers and two sisters.

Robbed by Hikers.

PURVIS, Miss., April 17.—(AP)—Two men receiving a ride as hitchhikers, who were bound E. T. Poser, of Purvis, Miss., of his car, and his automobile, his watch and \$17, he reported to officers today after freeing himself from his bonds.

ACCIDENTS FATAL TO 19 IN SOUTH

Three Meet Deaths in Georgia; Eleven Are Killed in Automobiles.

Nineteen deaths were reported from the south in week-end accidents, automobiles leading the list with 11 fatalities. Trains killed four and guns, fire, falls and drowning accounted for the others.

The accidents were widely separated, four occurring in Kentucky, three in each of North Carolina, Virginia, Alabama and Georgia, two in Tennessee and one in Florida.

Two persons died because they fell asleep in danger spots. Herman Madison, 24, was fishing with a party of friends on the Warrior river at Jasper, Ala. He fell asleep, slipped into the river and was drowned. Orville Hutton, 16, of Frenchburg, Ky., went to sleep on a railway right-of-way, near Chattanooga, Tenn., and was killed by a train.

Miss Turner, of Hancock, Ala., was killed near Cullman when an automobile struck his bicycle.

Lucy McReynolds, 64, died under a train near Louisville, Ky.

Y. Hollinsworth, 21, was killed by an automobile near Ashland, Ala.

Miss Billie Harris, 32, of Huntington, W. Va., was killed in an automobile accident near Richmond, Ky.

Victor Krages Jr., 7, died when hit by an automobile at Louisville.

Miss Billie Bacon was killed when a car overturned at Fort Meade, Fla.

Arvin Turner, 15, was examining a pistol at Princeton, Ky., when it was discharged accidentally, killing J. P. Lane, 6.

In North Carolina trains killed W. R. Perry, 50, of Winston-Salem, and Mrs. Jasper Hunt, of Selma. At Hickory, in the same state, Guy Young, 32, was burned to death in a barn fire.

Miss Marian Overhiser, 19, and Harry Sewell, 18, were killed in Atlanta when two automobiles collided.

Walter E. Robertson, 30, University of Tennessee senior, died in a fall from the third floor of a rooming house at Knoxville, Tenn.

Three negroes were killed when their automobile collided with a train at a grade crossing at Penola, Va.

A negro woman was killed in an auto wreck in Columbus, Ga.

ANGELUS TEMPLE PAINTING BANNED FROM EXHIBITION

LOS ANGELES, April 17.—(AP)—A prize-winning painting, "Apparition Over Los Angeles," depicting Angelus temple topped by figures floating on clouds, has been taken from the annual Los Angeles Museum exhibition by official order.

Dr. William Alanson Bryan, the museum director, said the subject matter of the painting was "too controversial for exhibition in a county institution." The picture was painted by Barse Miller.

In a cloud above the temple the picture shows a red-haired figure somewhat resembling Aimee Semple McPherson-Hutton, temple evangelist. On her right is a Venus-like form, and on her left is a strange, hatted male in business clothes. On a round cloud in the background is a dollar sign.

Before the picture was placed on exhibit it was awarded the Clara B. Dyer prize for "the best interpretation of the Los Angeles scene" by a jury, including Kathryn W. Leighton, Indian portrait painter; Clarence H. Hinkle, Laguna Beach artist; Willy Pogany and Dr. Ernest L. Tross, art historian and lecturer.

FAMOUS PAINTING GUARDED IN BRITAIN

DURHAM, England, April 17.—(UP)—Detectives were stationed in every room of Lambton castle tonight to guard Lawrence's masterpiece, "The Red Boy," against the threat of theft by "an international gang" of criminals.

The precautions were taken in connection with the scheduled auction of the painting tomorrow and because of recent thefts of art treasures in London.

Rioting in India.

BOMBAY, India, April 17.—(UP)—Serious rioting broke out today at the conclusion of the Moslem festival at the Bhandari Bazar in the Moslem area of Bombay. The celebrators attacked police, who fired on them. One person was wounded. Several others were arrested.

Pastor Hunts Brother, Missing for 40 Years

NEW YORK, April 17.—(AP)—A 40-year-old search spread to New York today when police acted on a request to locate V. Lewis Willard Cochran, who disappeared from his home in Charleston, S. C., when he was a youth of 21 and has not been heard from since 1890.

The Rev. A. Myron Cochran, pastor of the Holy Trinity church in Nashville, Tenn., and a brother of the missing man, asked Police Commissioner Edward P. Mulrooney to assist him in a letter saying Cochran left home 40 years ago after a family quarrel. A detective from the missing persons bureau was assigned to the search.

Negros' Execution Protested by Cubans

HAVANA, Cuba, April 17.—(AP)—Thirty-six Cuban writers and journalists today cabled Governor Miller, of Alabama, protesting the impending execution on May 13 of seven negroes charged with having attacked two white girls.

The text of the cable: "The undersigned Cuban writers and journalists hereby present to you our most vehement protest for miscarriage of justice concerning Scottsboro negro boys, victims of racial prejudice. Their massacre would constitute a shameful breach of legal procedure and equity, an outrage to humanity and civilization and a lasting blot upon the public records of Alabama."

GERMAN DELEGATES AND STIMSON CONFER

GENEVA, April 17.—(AP)—Secretary of State Henry L. Stimson sought from talks with Germany's representatives today a method of reducing armaments that would be most likely to bring success to the international disarmament conference here.

The American secretary, preliminary to a meeting of the general commission of the conference tomorrow, was visited by Chancellor Heinrich Brüning and Dr. Bernard von Bülow.

With them he discussed the general subject of disarmament, but especially the method of reduction most likely to be successful.

He told interviewers, upon his arrival yesterday, that he hoped to assist in bringing about some concrete result as one of the most valuable methods of contributing to world peace.

Mr. Stimson may attend the meeting of the general commission scheduled for 10 a. m. tomorrow. But all today he remained at Villa Maures, his temporary home in Geneva, most of the time resting in bed.

He was reported to be tired and suffering from a slight cold. He met other delegates to the conference yesterday. Among them were Sir John Simon, British foreign secretary; Dr. Brüning, German foreign minister; Sir Eric Drummond, secretary general of the League of Nations; and Arthur Henderson, president of the conference.

From them and members of the American delegation he acquainted himself with the problems of the conference in preparation for his own participation.

SCIENTISTS MAKE RAY IN DIAMETER OF HEAD OF PIN

NEW YORK, April 17.—(AP)—Success in making an extremely narrow beam with a diameter of the head of a pin, was reported tonight in a release by the American Institute of Physics.

This kind of concentration is intended for attempts at smashing the nuclei of atoms, the first step in alchemy.

The 1,200,000-volt ray is only a baby. Big beams ranging from 12,000,000 to 25,000,000 volts are produced in the release.

The ray was developed at the University of California. It is a stream of protons, heavy particles of electricity which are believed to constitute a large portion of the building stones of atomic nuclei.

WARSAW POLICE PROBE MISSIONARY'S DEATH

WARSAW, Poland, April 17.—(AP)—An autopsy disclosed today that hair, clutched in a clenched fist of Mrs. Grace Edna Mott, of New York, American missionary found slain in her apartment here Friday, was her own and the police continued their investigation into her brutal murder.

The Polish Telegraphic Agency said the authorities would inquire into the relations existing between members of a religious sect, called the American European Brotherhood, of which she was superintendent.

The autopsy showed that death resulted from four knife wounds in her body.

HITLER FILES SUITS AGAINST EDITOR, SELF

BERLIN, April 17.—(AP)—Adolf Hitler filed a libel suit today against Theodor Wolff, publisher and editor of the Berliner Tageblatt, for an article in which it was said Hitler told foreign correspondents that France had inspired the government's ban on his national socialist (fascist) storm troops.

At the same time Hitler filed a suit against himself for "breach of duty," declaring that the Tageblatt's story left open to doubt his own trustworthiness as an official.

His suit against himself represented a legal action open to principal and state government officials as a means of defending and vindicating themselves in court against unfilled allegations of malfeasance or incompetence in office.

Hitler's move was interpreted as an effort to discredit attacks on him in hostile newspapers.

TWO IRISH LEADERS IN POLITICS SUCCUMB

Captain William A. Redmond Collapses at Grave of Friend.

DUBLIN, Irish Free State, April 17.—(AP)—Two prominent figures in Irish politics died today.

Captain William Archer Redmond, member of the dail eireann for Waterford, collapsed and died beside the grave of a friend, while Jeremiah MacDonagh, a leading nationalist member of the British house of commons from 1902 to 1920, succumbed here.

Captain Redmond, who was hero and long a prominent independent member of the dail eireann, was the only son of the late John Redmond, famous nationalist and chairman of the Irish parliamentary party in the British house of commons.

He himself had been a member of the house of commons for Tyrone from 1910 to 1918 and again, for Waterford, from 1918 to 1922. In 1923, he was elected to the dail eireann.

Mrs. Ashby Describes Splendor Of Architecture in South India

While arm-chair travelers vicariously satisfy their wanderlust desires with midnight reading, Mrs. Rose Mac Ashby, of Atlanta, actuates her dreams by cruising to the far ends of the earth, thus adding fuel to the longings of her friends who receive letters from her describing her various tours.

Mrs. Ashby is on a round-the-world cruise aboard the S. S. Resolute, and at present is visiting oriental ports studying the sculpture and the carvings on the ancient ruins of past civilizations. Much of her trip has been spent in south India and in Ceylon where she found a wealth of ancient religious temples and pagodas, and sacred stone ruins filled with fantastic animal images and grotesque idols where a dead people worshipped these forgotten gods, now neglected and uncared for.

In letters to Atlanta friends Mrs. Ashby describes, in an interesting manner, the splendor and the beauty of the intricate architecture and the varied landscape of India. In south India she visited the Dravidian temples, giving special note to the one located at Madurai. She says the temple is a masterpiece of art, and contains 33,000,000 carved figures, the largest in all India. There are 12 great gopuras, all carved in minute detail; many animal images, and camels, and 300 sacred cows that are allowed to wander about in the temple area.

One hall is forested by 1,080 columns. Also there are ten huge pillars over 80 feet high, that were once used as hitching posts for elephants.

At Tanjore, which is known as "The City of the Mammoth Bull," Mrs. Ashby went to the Great Pagoda.

This is the Temple of Shiva, worshipped by old phallic cults. On an elevated platform is the gigantic figure of a bull cut from a single piece of stone. The walls surrounding the temple are decorated by a thousand smaller bulls. She says her visit to Darjeeling, India, was her most thrilling and most beautiful travel experience.

At 2 o'clock a. m. our party left the hotel for Tiger Hill, one of Mrs. Ashby's letters reads, "some in rickshaws drawn by four men; some in dandies carried by four men; and others on ponies. I chose a pony. I have never seen stars shine more resplendent. The seven-mile ride to Tiger Hill was superb and a joy. We arrived before dawn, and the high snowcapped peaks of the great Himalayas became visible. Then sunrise, perfect, and the sunlight shone on the peak of Mt. Everest, a hundred miles away. I stood on the very roof of the world. I could see into Tibet and Nepal. The gods were surely good to us, for so many good several mornings and never get a glimpse of Mt. Everest. Then the ride back in the bright sunlight, the giant Himalayas on all sides, my pony slipping and sliding on the frozen ground, and my Nepalese guide whistling and singing in his own tongue. All conspired to make this experience perfect and unforgettable."

This is one of the several world travels which Mrs. Ashby has taken. Her previous journeys include one to the Holy Land and one to the Yucatan peninsula where she studied Mayan ruins. She expects to return to Atlanta in June. When she is a frequent lecturer on psychological subjects.

Survivors are her son, Sidney Wellhouse, and a sister, Mrs. Simon Loeb, of Montgomery, Ala.

NATIONAL URBAN LEAGUE WEEKLY BULLETIN

BY JESSE O. THOMAS.

The third annual vocational opportunity campaign, sponsored by the Urban League, will be carried out during the week of April 17-24. A general committee, under the leadership of Dean S. H. Giles, of Morris Brown University, has worked out a varied program for the week's activities.

The committee on schools and colleges, of which W. A. Bell is chairman, assisted by E. A. Mays, has arranged for vocational guidance program in all of the colleges, the Atlanta University High school, and the Washington High school. In addition to lectures on the present occupational status of negroes to the student bodies as a whole, group conferences will be held with student interest in a definite occupation. Men and women representing several different occupations will speak on the possibilities in their particular occupation.

The committee on churches, under the chairmanship of Rev. J. A. Mays, has requested the leading ministers of the city to speak on the subject: "After the Depression—What?" at their Sunday morning services.

The committee on bibliography, industry, and special organization, have also arranged for definite activities during the week of the campaign.

It is to be hoped that by getting over to students and to the public in general, certain facts relative to the occupational status of colored people, some very definite course of action will evolve leading to greater security of employment, larger industrial opportunities, and a more careful selection of their life's work on the part of high school and college students.

The Forum Council, of the 27 Club, will conduct its series of religious discussions at the next meeting, Sunday, April 24. Dr. David Marx will speak on the subject, "The Function of Religions in Times Like These." Dr. Marx is a forceful speaker and will bring to a fitting climax this particular series of the forum discussion.

The choir of the Washington High school, will supply music for the occasion.

LEWIS SERIOUS ABOUT BUSINESS OF COMEBACK

'The Strangler' Who Meets O'Shocker Tuesday, Rates With Best.

Ed (Strangler) Lewis, who meets Pat O'Shocker at the auditorium Tuesday night, is going about the business of his comeback with a lot of force, according to reports.

For a time Ed Lewis was around in the same circuit with Don George and Gus Sonnenberg, but he has now gone back to wrestling. And he has pinned Jim McMillin, among others. And now rates with Hans Steinke, Dick Shikat and Earl McCready as those who most deserve a shot at Jim Londo's title. Fact is Ed Lewis would likely be champion now had it not been for a manager who took him away.

PINS GIANT. In the match with McMillin, Ed Lewis not only pinned the Illinoisian, but he broke three of the referee's ribs so violent was his action. Time was when Ed Lewis would carry his opponents along for a while, but now he is a bit older and fatter, but just as smart. "I'm wrestling every week now, whereas I used to be unable to get matches because of my manager," he said, "and I'm in a hurry to show them."

And so Pat O'Shocker, who is a very formidable man himself, is in for a rough evening on Tuesday. And Pat likes them rough.

There is considerable interest in the reappearance of Ed (Strangler) Lewis. He went into wrestling before he became the thing to boast about being an ex-college grappler. Doctor Reller, who was before Lewis' time, was the first college man. But Lewis was next, having from the University of Kentucky. He achieved fame with his headlock, which scientists found enabled him to exert about 2,000 pounds of pressure.

FATHER LUMPKIN. The semi-windup brings in Roy (Father) Lumpkin against Paul Jones. Lumpkin has won the right to a main event with Jones, who is the favorite because the Texan, with his hook scissors, has been just outside the championship circle for years.

Henry Weber is match-maker for the program. Tickets are on sale at the Piedmont Hatters. Ladies are admitted to any seat in the auditorium for 75 cents. Henry Weber announces that those who still hold tickets to a former match which was postponed may use them for this match if they choose.

Jimmy Fox hit a home run with two men on ahead of him to aid George Earnshaw and the Athletics to defeat Washington, 11 to 3, yesterday. The hard-hitting Philadelphia knocked pitchers out of the box as fast as Walter Johnson could rush them in.

Dixie League Bringing Collegiate Ball Back

Large Crowds Turn Out for Fine Games; Frank Anderson Jubilant Over Outlook.

By Jimmy Jones.

Frank Anderson, senior, who is one of the pillars of the organization, has been insisting for some time that the Dixie college baseball league is in for a healthy season and that the national pastime, which has been suffering from the doldrums on our leading campuses, will return to its old popularity very soon.

Frank has been making booster speeches along this line ever since the league was organized. During the winter the league developed a slight touch of ill-business and spent several restless nights. Frank Anderson and his companions, Bill Alexander, of Tech, and Bill White, of Georgia, lost no time in digging up the proper tonic and now the league is up and stirring about with five of the original members.

"It can't miss if you fellows on the papers will just keep behind it," Frank has said over and over. He also points out that clubs as a whole are improved over last year, that the brand of play is better and that the league is full of good young ball players.

"We had 1,600 people out for one of our games at Athens and if that isn't a nice crowd for college baseball, I don't know anything about crowds," the Oglethorpe coach told the gentlemen of the press enthusiastically on his return to Atlanta with his Petrels Saturday night.

Sam McAllister, the Auburn coach, reported good attendance at his first series at Auburn. The sport always draws well at the University of Florida—so well that Edgar Charles Jones, Georgia athletic director, made a vigorous fight to keep his school in the league.

FINE JOB. Bobby Dodd, the ex-Tennessee quarterback, has done a fine job at Tech. Shorn of most of his veterans, and whipped them into a smart, hard-fighting club. His third baseman, Bill Haged, is one of the classiest youngsters in the league, while John Ferguson and Jim Stradling, two newcomers, are burning up the outfield.

"There are young players on every club who look like coming stars," Anderson stated. "Petrel coach particularly likes 'Hut' Parks, Georgia's second baseman, and Kitty Webb, the young Bulldog shortstop. They hit and fielded well against his club."

On Frank's Oglethorpe team there are "Chink" Martin, a little fellow but a dandy shortstop; Frank Anderson Jr., who is having a good year; Charley Vance, the catcher; and Lefty Dixon, who has no less an authority than Rube Marquard, says should make a nice southpaw pitcher.

FLORIDA STRONG. Brady Cowell, at Florida, who was a co-sufferer with Bobby Dodd in the loss of players to professional clubs, including Shaw Buck, a great infielder, who signed with Reading, has a strong outfit nevertheless. Sam McAllister says that if Florida had retained Buck, the Gators would be a sure pennant winner.

McAllister has had to replace Joe Burt and two good pitchers on his own team, but thinks his Tigers will find themselves when Smith, their ace pitcher, gets into form.

Frank Anderson flung a parting challenge to the newspaper boys about the Dixie league: "If you fellows want to see a real honest-to-goodness ball game with something of everything in the way of thrills, come out and watch the collegians play."

ATHENS SEEKING LEAGUE LEAD

Jackets, Petrels Meet Friday, Saturday; Last Week's Games Great.

By Jack Troy.

Calamity in the form of a surprisingly strong Georgia Tech nine—befeit the Auburn Tigers, class of the Dixie college league, in last week's games, and the University of Florida Gators, idle since the opening series with Oglethorpe at Gainesville, Fla., are perched at the top for the time being with two victories and no defeats. This second-place business is a new experience for the Tigers.

The Petrels were forced to play the Jackets in the first game, saying it was better to gain an even break against Coach Bobby Dodd's fighting Jackets here Friday and Saturday. The result was a doubleheader, which was called on account of darkness, found the score tied at 6-6 at the end. Auburn had a close call in the first game of Saturday's doubleheader, winning, 12 to 10, in a free-hitting battle. Fast fielding saved the Tigers. In the second game Tech came from behind and overcame a series of tough breaks to win, 5 to 4, in seven innings.

RIPPER WINS. Ripper Williams turned back the Jackets in the first game, and Lefty Jordan and "Red" Head, the losing pitcher, were ineffective in the second. Mitchum was the victorious Tech pitcher in the second game.

Jimmy Hitchcock and Williams hit home runs; A. Lewis and Lloyd Triplett, Lewis, with two, Lloyd and Mitchum, doubles for Auburn; Lefty Ripper, relief pitcher, cracked out a triple; Ferguson, Haged and Hardin doubles for Tech. Auburn got 25 hits in the series, Tech 20.

Oglethorpe's hard-hitting club made its invasion of Athens Friday and Saturday a complete success by winning both games by scores of 13-6 and 8 to 7. This put the Petrels back in the running.

A new method of speeding up baseball, suggested by Coach Bill White, of Georgia, and agreed to by Frank Anderson, coach of Oglethorpe, was inaugurated in the series.

The ball was not tossed around between innings and the pitchers disregarded the usual preliminary custom of throwing three or four warm-up balls in each inning. The speeded up games from 15 to 20 minutes, and made it more interesting to the spectators.

Frank Anderson Jr., with five hits for the series; Hal Martin and Jack Moore, who hit triples, and Charley George, who got five hits in both games, were the big stars.

Charley Mitchell, veteran pitcher, came through with a victory in the first game, and went in as a pinch-hitter and relief pitcher in the second game. He measured up to the occasion and held the Bulldogs hitless and runless in the last two innings.

The largest crowd of the season, 17,500, watched the pitchers' duel. It was a very close series, with the Jackets leading 2-0 in the eighth, but the Petrels came back and won, 5-2.

AMERICAN LEAGUE
DETROIT, April 17.—Vic Sorrell allowed the St. Louis Browns one more hit and a walk today, but the Browns put together the pass, a sacrifice and a single to score a run and defeat the Tigers, 1 to 0.

The run came in the eighth when Gollis walked, advanced on Ferrell's sacrifice and scored on Kneiss' single to right. Detroit, held to five hits by Dick Coffman, had only two scoring chances.

INDIANS 6; WHITE SOX 1.
CHICAGO, April 17.—Willie Kamm and George Connolly, both White Sox casters, returned to Comiskey park today to defeat the Hoos by a score of 6 to 1. It was the first victory of the Sox since they lost to the Cubs in the first game of the season.

DRY RANKS CRUMBLING, SAYS CRUSADERS' HEAD

'Even Dry Politicians Understand Feeling of People,' Says Statement.

WASHINGTON, April 17.—(AP)—Recent pronouncements of democratic and republican spokesmen on the prohibition question were described tonight by Rufus S. Lusk, executive chairman of the National Crusaders, anti-prohibition organization, as indicating "resentment against prohibition, has become so widespread even dry politicians are beginning to understand the real feeling of the nation on this outstanding political issue."

"The ranks of the dries are crumbling before the drive of an aroused public opinion," he said in a statement. "Even Bishop Cannon is beginning to see the futility of opposing further a nationwide demand for a referendum on the prohibition question."

He referred to the Jefferson Day proposal by former Governor Harry F. Byrd, of Virginia, for submitting the question of prohibition to a referendum, as a "serious democratic presidential possibility now favoring the American people as a whole."

He added that Secretary Hyde's "announcement that he, too, favors submission of the question to the people, is a relief to the republican party, even in high places, is beginning to hear and to heed the rumble of discontent with the 18th amendment."

GOV. MOORE SAYS BEER TAX WOULD BALANCE U. S. BUDGET.
PROVIDENCE, R. I., April 17.—(AP)—Governor A. Harry Moore, of New Jersey, in a Jefferson Day address here tonight advocated the right of the people to decide whether they shall have beer. He maintained the nation derives millions in tax revenue now pocketed by bootleggers.

A tax on legalized beer, he declared, almost would balance the national budget. Assessing the country's financial condition, he said prohibition has resulted in untold abuses and crime.

TEMPERANCE BOARD OFFICIAL ASSAYS PROHIBITION FOES.
TEMPERANCE, April 17.—(AP)—Dr. Deets Pickett, research secretary of the board of temperance, prohibition and public morals, of the Methodist church, tonight challenged the foes of prohibition to "justify the terrible implications of their conduct."

He spoke at the closing session of the annual conference of Vermont Methodists.

"The time has come," Mr. Pickett said, "when men who are pouring their millions to destroy the prohibition law must assume full responsibility for the possible consequences of their policy. They have no right longer to attempt concealment of their objectives."

FIREMEN IN CRASH AFTER ATTENDING ASSOCIATE'S RITES.
Five members of the Atlanta fire department, en route home Sunday from attending the funeral of a brother fireman, killed in a motor car accident, narrowly escaped serious injury themselves when the car in which they were riding crashed into a building at West Hunter and Ashby streets.

The firemen were Captain T. J. Finley, W. R. Berryhill, T. W. McGhee, W. L. Herndon and W. J. Cowan. Paris Gigolo 'Industry' Broken Up By Hunger After Police Fail in Task

BY RICHARD D. McMILLAN.

PARIS, April 17.—(UP)—The leaders of the French "gigolo industry" have moved from the brightly lighted cafes and restaurants to the soup kitchens and the breadlines.

What the French police failed to do three years ago in a drive against the sleek, handsome gigolos infesting Paris has been achieved almost entirely by the depression.

The gigolos were the last, never-saydie survivors of the golden boom years in Paris, when thousands of wealthy women tourists needed dancing partners and had the money to pay them. They were suave youths who came to Paris from many cities and many countries to hire themselves out to lonely ladies as escorts.

They were the last, never-saydie survivors of the golden boom years in Paris, when thousands of wealthy women tourists needed dancing partners and had the money to pay them. Paris Gigolo 'Industry' Broken Up By Hunger After Police Fail in Task

BY RICHARD D. McMILLAN.

PARIS, April 17.—(UP)—The leaders of the French "gigolo industry" have moved from the brightly lighted cafes and restaurants to the soup kitchens and the breadlines.

What the French police failed to do three years ago in a drive against the sleek, handsome gigolos infesting Paris has been achieved almost entirely by the depression.

The gigolos were the last, never-saydie survivors of the golden boom years in Paris, when thousands of wealthy women tourists needed dancing partners and had the money to pay them. They were suave youths who came to Paris from many cities and many countries to hire themselves out to lonely ladies as escorts.

COLORED REPUBLICANS REBEL AT 'L. W. WHITES'

Committee woman Issues
Statement Attacking Rose-
Arnold Faction.

SAVANNAH, Ga., April 17.—(AP)—J. G. Lemon, Savannah negro republican leader, tonight said 10 or more members of the 1929 state central committee had demanded that the former officers of the group take charge of party affairs, contending the present republican party in the state was organized illegally. Lemon said the republicans affiliated with him planned to ignore the party as set up at a recent state convention in Atlanta and call county, district and state conventions.

He said all action taken by the party now in control and other factions would thus be wiped off and a new start made.

The Lemon faction contends that 30 members of the old central committee were expelled irregularly. He said the present movement was backed by a number of republicans over the state and that Mamie Williams, Savannah negro, who is national committee woman, was in sympathy with the movement, although she has not signed the petition to the old committee.

The national committee woman issued a statement in which she charged "the tidal wave . . . which has been sweeping through the ranks of the republican party in Georgia . . . did not abate the tide of the negro . . . that body almost clear of the negro."

She said J. T. Rose, internal revenue collector of Atlanta; J. W. Arnold, of Athens, national committee man, and Durelle Cheney, "a representative of the postmaster-general," had gone throughout the state organizing groups of the small and white republicans . . . and such democrats and federal officeholders as they could muster.

Democrats were used to gain majorities, she said, and the meetings were held without the knowledge of the negro republicans. "In some instances democratic nominees were used and have since been repudiated by the local democratic committees," she said.

She charged the negro leaders of the party brought Rose and Arnold "into prominence, but once conscious of their power they have thrown their erstwhile friends and supporters out of the party."

She said when 24 members of the old central committee were dropped they protested and were told the action had been sanctioned by the national republican committee.

The committee woman said the negro republicans in Georgia, "including the few who have been apparently aiding and abetting Messrs. Rose and Arnold," are not satisfied with the present organization but are "militant and determined."

GRAYSON MAN FOUND DEAD WITH GUN NEAR

LAWRENCEVILLE, Ga., April 17.—C. C. Cooper, 62, prominent businessman of Grayson, this county, was found dead in his barn at 2 o'clock Sunday afternoon. There was a bullet wound in his temple and his gun was lying nearby. He was found by his wife when she went to look for him shortly after they had eaten lunch together.

Mr. Cooper was a former member of the Evans-Cooper mercantile firm of Lawrenceville. A few years ago he moved to Grayson, again engaging in the cotton, fertilizer and mercantile business.

He is survived by his wife, who was formerly Miss Martin, daughter of former Sheriff R. P. Martin, of Winnett county; five sons, James, Hoke, Calvin C. Jr., T. J. and Lamar Cooper, all of Grayson; three daughters, Hazel Cooper, of Lawrenceville, and Geraldine and Marie Cooper, of Grayson; one brother, W. B. Cooper, of Grayson; five sisters, Mrs. S. C. Williams and Mrs. N. S. Robinson, of Lawrenceville; Mrs. P. N. Hyatt, of Loganville; Mrs. J. L. Chubb, of Lithonia; and Mrs. A. W. Webb, of Grayson and his stepmother, Mrs. T. J. Cooper, of Grayson. Funeral services will be held Tuesday at 2:30 p. m., at the Chestnut Grove Baptist church, Grayson, with the Masons in charge of the services.

CEDARTOWN CHURCH HOST TO PRESBYTERY

CEDARTOWN, Ga., April 17.—The First Presbyterian church of this city will be host to the Cherokee Presbytery, which will meet here Tuesday and Wednesday. The program will include a sermon Tuesday night by Rev. J. O. Kirchoff, the retiring moderator; Wednesday morning a sermon by Dr. Stuart Grant, of Nashville, and that afternoon Dr. William Hunk, executive secretary of the Atlanta Presbytery, will address the meeting on home mission evangelism.

MRS. LILIA JONES
VALDOSTA, Ga., April 17.—Funeral services were conducted this afternoon by Rev. A. C. Pyle, of the Lee Street Baptist church, for Mrs. Lilia Jones, 59, whose death occurred at her home here yesterday afternoon.

Mrs. Jones is survived by her husband, J. F. Jones, and four sons, R. A. Jones, L. E. Jones and C. B. Jones, of Tampa; her father, J. B. Walters, of Ty Ty, and one brother, W. W. Walters, also of Ty Ty. Interment was in Sunset Hill cemetery.

JOHN GOFF
VALDIA, Ga., April 17.—John Goff, 72, died this morning. He leaves his widow, one brother, Alex Goff, and one sister, Mrs. Mary Gilbert, of Louisville, Ga., and was the father of 11 children. One son, John, was accidentally killed several years ago. The following children survive: Horace, Willie, Frank, Walter, Isaac and Jacob, of Valdosta; Wiley and Earnest, of Savannah; Mrs. Oscar Owens, of South Carolina; Pauline, of Griffin; Gladys, of Falmouth; and a daughter, of Valdosta.

Funeral services will be conducted Monday afternoon at 2 o'clock at the residence by Rev. W. B. Ritten, pastor of the Valdosta Baptist church, of which he was a member, assisted by the Rev. W. E. Hightower, pastor of the Methodist church. Interment will be in the Valdosta cemetery.

MRS. JAMES DORSETT
MACON, Ga., April 17.—Mrs. James Dorsett, 98, died this morning after a five-month illness at the home of her son, W. H. Henson, in Walden, this county. She was born in Jones county, but moved to Walden 19 years ago. She was the widow of J. C. Dorsett, and is survived by three daughters, three sons and a large number of grandchildren, great-grandchildren and great-great-grandchildren. The funeral will be held in Hart's chapel, here, Monday at 11 a. m.

REV. W. B. BENNETT
JESUP, Ga., April 17.—Rev. William B. Bennett, 89, died at his home near here today. The funeral will be held Monday afternoon at 3 o'clock at Midway Baptist church near Gadi, Ga.

He served in the War Between the States, fighting in the battle of Atlanta and other engagements. He and his wife, who survives, would have celebrated their sixty-seventh wedding anniversary on May 6.

MRS. W. E. HARRIS
Mrs. W. E. Harris, 74, of 203 Sells avenue, S. W., died Sunday morning at a private hospital. Services will be held at 2 o'clock this afternoon at Spring Hill, with Dr. C. B. Skiffert officiating. Burial will be in West View cemetery. Mrs. Harris, who had been ill for several weeks, is survived by three sons, Frederick and A. W. Harris, of Atlanta, and A. T. Harris, of Macon, and a daughter, Mrs. J. C. Ewing, of Atlanta, and a brother, W. T. Skiffert, of Sandy Springs.

Cannon Opens Prohibition Fair, Poses Before Bar of Saloon

BY CHARLES M. MCCANN.

WASHINGTON, April 17.—(UP)—

Bishop James Cannon Jr., generalissimo of the organized dry forces, stood with his foot on the brass rail of an old-fashioned bar today, gazing at the bottles before him, as a giant prohibition fair was opened to portray the evils of drink.

With Canon William S. Chase, director of the Lord's Day Alliance, the bishop went through the little swing door of the saloon exhibit and up to the well-worn bar. There stood a white-aproned bartender awaiting orders which never came for the half dozen kinds of whiskey promised by the labels of the bottles on the counter.

The bishop, as he looked about him, leaned his elbow on the bar, and his foot went mechanically on the brass rail. Photographers ran up and soon flashlights were popping while the churchmen posed.

The fair, sponsored by the Woman's National Committee for Law Enforcement, portrays graphically the committee's idea of life in the old days. The saloon is rather natural, even to the soaped picture of a sinking schooner—a sailing schooner—on the bar mirror.

The bartender looks like one, though he confessed he never had been. The bottles are there, and a couple of once popular brands of liquor, Old Crow and Canadian Club, are prominent along with the less used assortments of Scotch and gin. The weakness is in the general atmosphere, which is bleak. Also, though there are lots of bottles, there are but four small whiskey glasses and four beer mugs—no highball glasses or provisions for "chasers." "No sale," is the last entry on the cash register.

One of the most effective of many posters shows the pre-prohibition "drunk." He is reeling along, in front of a group of very healthy, very red-cheeked children carrying bottles of milk labeled "Health." The drunk has nine empty liquor bottles at his feet, labeled "gin," "rum" and "alcohol." No whisky. At his lips is a tenth, and in an oversize side trousers pocket are two more quarts in reserve, to make up the first 12-bottle man in recent history.

By an unfortunate chance, the pre-prohibition speaker—the dries claim there were many—is labelled "pawnebroke." But the idea is conveyed by the beer kegs and soiled glasses at the bare table inside the tiny room.

"The house that beer built," a room containing a table, two chairs and a stuffed sofa, contrasts with the elaborately furnished home that prohibition has built, a bedroom and kitchen, a dining room and a living room whose wicker suite of two chairs and sofa, a sign asserts, could be built for the price of five beers a day for four months, roughly \$25.75.

There are signs, portraits, panoramas, all over. A W. C. T. U. sign demands: "The world is going dry; write it on the sky."

Exhibits of silk stockings, baby clothes, hardware and other articles, even a filling station pump, each has a sign that \$2,000,000,000 worth of beer means \$2,000,000,000 less of the product in question. There are 27 products, so the \$2,000,000,000 beer bill offsets altogether \$54,000,000,000 in other purchases.

The fair will last a week, admission 50 cents with a free soft drink thrown in from one of the two soda fountains. At the meeting, which preceded the preview today, Mrs. Henry W. Peabody, chairman, announced that the watchword was "Let us forget."

Pall of Smoke Hides Sun, Moon at Valdosta

VALDOSTA, Ga., April 17.—Valdosta is experiencing almost sunless days and moonless nights, owing to the pall of smoke sweeping over the city from numberless woods fires raging to the south and east. For the past two days the sun has been virtually obscured during the entire day, and at night the smoke makes lights dim and traveling on the country roads dangerous.

Brenau May Queen

GAINESVILLE, Ga., April 17.—Dorothea Reynolds, of Hagerstown, Md., was Friday elected Queen of the May of Brenau College. The ceremony crowning her as queen will take place soon, with an elaborate festival and a May queen court, with the prettiest students of Brenau College participating.

Tombstone Is Stolen By Motor Burglars

BARNESVILLE, Ga., April 17.

An unusual burglary occurred in Barnesville, Friday night, when a tombstone was stolen from the Georgia Marble Company, G. R. Moore, proprietor. The monument was loaded on a truck at the back of the company's office. The thieves drove the truck away, after first entering the freight depot nearby, and searching for loot. A wheel was stolen from an automobile parked in the downtown section the same night.

CAROLINIAN SEIZED ON BRIBERY CHARGE

RICHMOND, Va., April 17.—(AP)—

Police tonight arrested three men on bribery charges growing out of an alleged attempt to bribe a Burns detective investigating the theft of \$20,000 in federal reserve notes from a Philadelphia bank.

David N. Chaddick, of Wilmington, N. C., one of the three men arrested, is awaiting trial April 25 in Hastings court for the larceny of the federal reserve notes. Arrested with him were Jack Seaman and Charles Green, both of New York city.

MACON WOMAN ACTIVE DESPITE HER 93 YEARS

MACON, Ga., April 17.—Mrs. Eugenia Kelly Bitting, who is today celebrating the 93d anniversary of her birthday, takes a keen interest in all present affairs, locally and nationally, and is, of course, a most ardent supporter of the Confederacy, having lived through the War Between the States. She is one of the first members of the Ladies' Memorial Association, a charter member of the Bryan M. Thomas chapter of the United Daughters of the Confederacy, of Dalton, Ga., and its oldest living member.

She married Lieutenant John Henry Bitting during the second year of the war. Lieutenant Bitting was one of the original members of the old Dalton Guard, which existed before the war. They were married when Lieutenant Bitting was home on furlough, just before he was transferred from Phillips Legion to the western army. He left immediately after the wedding, returning when the war was over.

Mrs. Bitting has four children, three daughters, Mrs. John Satterfield, of this city; Mrs. Harry L. Jarvis, of Dalton, and Mrs. W. M. Patton, of Sweetwater, Tenn., and a son, N. K. Bitting, of Decatur, Ala. She has eight grandchildren. Mrs. Frank Troutman, of Atlanta; Mrs. Fred Knight, of Cartersville; Harry Jarvis Jr., of Dalton; Mrs. Archie Wallace Hill, N. K. Bitting Jr., John Bitting, William Bitting and Mrs. George Lawrence, all of Decatur, Ala. Her great-grandchildren are Fred Knight Jr. and John Satterfield Knight, of Cartersville; Archie Wallace Hill Jr., of Decatur, Ala.; Sue Bitting Lawrence and Mabel Frances Lawrence, of Decatur, Ala.

Historic LaGrange Garden Visited By Club Delegates on Centenary

LAGRANGE, Ga., April 17.—Mrs. Fuller Earl Callaway Sr., entertained 165 members of the Garden Club of America at a southern buffet luncheon at her home, Hills and Dales, here today.

Hills and Dales, the former Ferrell's gardens, is one of the most beautiful and oldest gardens in the south. Its history is the history of LaGrange as its old families have all visited the gardens for the past several generations.

The luncheon honored the Garden Club guests and celebrated the centennial of the planting of the gardens by Mrs. Sara Coleman Ferrell. The land was deeded to her father by the Indians and the property has never changed hands but once since, being bought by the late F. E. Callaway 20 years ago.

Mrs. Callaway was assisted in entertaining by her daughters, Mrs. Carson Callaway and Mrs. Fuller Callaway Jr., and a group of LaGrange women. An old-fashioned southern luncheon was served on the south terrace of the palatial home. The terrace, which overlooks the main tier of the gardens was brilliantly colored with thousands of tulips in full bloom in the beds and borders. The Italian villa, which was thrown open to the guests, was decorated with masses of blooms from the gardens.

Preceding the luncheon Mrs. H. R. Slack, of LaGrange, gave a short sketch of the gardens. Mrs. Slack has been a frequent visitor at the gardens since a small child and she told many interesting features of their development by Mrs. Ferrell and Mrs. Callaway.

A large birthday cake holding 100 lighted candles called the guests' attention to the anniversary of the lovely spot which was begun in 1832.

Guests from practically every state in the Union and Hawaii were present and enjoyed a tour of the gardens after the luncheon. Friends of the hostess acted as guides for the tour.

CAPTAIN HENDERSON, GRAY VETERAN, DIES
DOVER, Ga., April 17.—(AP)—Captain W. M. Henderson, 89, died at his residence here this morning. He was one of the four remaining Confederate veterans of Screven county. He has for years been commander of Screven camp No. 1059, U. C. V. He was the oldest living member of Oak Grove Methodist church, which he has served as steward for more than 70 years and during his entire stewardship he has missed only one quarterly conference. He is survived by five daughters.

Funeral services will be held at Oak Grove Methodist church, near here, Monday afternoon at 4 o'clock with the pastor, Rev. E. A. Martin, officiating, assisted by Presiding Elder C. M. Meeks and Rev. H. S. McCall.

Six grandsons will be pallbearers. Honorary pallbearers will be the stewards of the four Methodist churches of the Rocky Ford charge and the United Daughters of the Confederacy.

MASONS TO GATHER IN MACON APRIL 26
MACON, Ga., April 17.—(AP)—The grand council of Royal and Select Masters and the grand chapter of Royal Arch Masons of Georgia will meet here April 26 and 27. On the night of April 26 the Masons of this territory will gather in the grand lodge building on Mulberry street for an address by N. H. Ballard, of Atlanta, past grand master of the grand lodge and past grand high priest of the chapter, Royal Arch Masons.

Three hundred subordinate chapters of the state will be represented at the grand chapter meeting on April 27. Each chapter is entitled to send three members to the meeting. The grand council meeting will assemble Royal and Select Masters of the state in the grand lodge building April 26. Mr. Ballard, who is writing a Masonic history of this state, will speak on the genesis of Free Masonry in Georgia.

The tap of Mrs. William A. Lockwood's gavel at 10 o'clock this morning will call to order the nineteenth annual meeting of the Garden Club of America in the ballroom of the Biltmore hotel. The hundreds of visitors attending the meeting came upon invitation of the hostess organization, the Peachtree Garden Club, of which Mrs. Robert L. Cooney is the gra-

duate and capable president because it is the only garden club in Georgia which is a member of the national body, save the Sand Hills Garden Club, of Augusta, of which Mrs. Rodney Cohen is president, and which was hostess at a two-day convention previous to the Atlanta convention. Mrs. Cooney will extend a gracious greeting to the

guests in her welcoming address this morning at the Biltmore. Garden Club of America, founded in Philadelphia 19 years ago, was the first combination of garden clubs whose object it was to work together and whose aim it has always been to encourage fine gardening, civic planting and the preservation of national flowers, shrubs and trees. From this small beginning has come a very powerful organization made up of 93 member clubs in 28 states, with a membership of 6,400 and in addition a group of 205, known as members-at-large.

The main office of the Garden Club of America is at 508 Madison avenue in New York city, where the business of the national organization is carried on. The visiting gardens committee has arranged for the opening of gardens in this country and abroad to members of the club. There is also a collection of slides for the use of members, showing photographs of gardens here and abroad. The Bulletin of the Garden Club of America, published six times a year, is the official organ and is carried on by its editor, assisted by a staff of editors.

Active Committee. One of the most active committees in the Garden Club of America is the billboard and roadside committee, which from a small beginning has grown to large proportions, being represented in 93 member clubs in 28 states. The object of the committee is to protect the picturesque simplicity of rural scenery with special reference to the abuses of outdoor advertising and to promote a similar regard for dignity and amenity in our towns. This committee is in favor of reasonable and wise legislation for the restriction and taxation of billboards in the various states, with provision that a percentage of the taxation so raised be used to beautify the highways.

The most important work of the conservation committee is in education and this year great advancement has been made toward this object. Nature camps have given instruction to teachers; garden clubs have contributed scholarships; local garden clubs have given prizes for posters, essay contests and for making Christmas wreaths of approved material.

Conservation exhibits are given at state fairs and flower shows. Prizes have been given and literature distributed to teachers and garden clubs. The committee co-operates with existing organizations in carrying out the work. This committee has done a great deal in educating the public by teaching the necessity of preserving the native flora in America.

Committee for the national capital concerns itself with plans and legislation for present and future preservation of the beauty of Washington. A committee of the Garden Club of America has co-operated with the Horticultural Society of New York for 12 years in carrying out the schedule

of the International Flower Show, held at the Grand Central Palace in the spring of the year.

The special publications committee prepared a history of gardening in this country from 1640 to 1840 called "Gardens in Colony and State," published in October, 1931. The book is illustrated with views of old gardens still remaining and record of those that have disappeared. It is the first historic survey of the whole subject and development of the art of gardening.

Educational Work. As an organization the Garden Club of America has an education committee through which it contributes each year to some worthy institution interested in the education of men and women in the study of landscape architecture. It maintains a scholarship in landscape architecture at the American Academy in Rome, and is a three-year course for which an endowment fund of \$50,000 was raised.

It has contributed to the School of Architecture for Women at Amherst, Pa., and at the present time a fund for the School of Architecture for Women at Lowell, Mass., is being raised. Through its member clubs it has contributed to the general knowledge of gardening by exhibits given in connection with flower shows in such large cities as New York, Boston, Chicago, Philadelphia, Cleveland, Detroit, Seattle, Chattanooga, etc. These exhibits often take the form of planting of small areas in connection with the small home. In New York city a street of these models showing library, church and houses planned with reference to the light, pleasure and beauty of each owner and demonstrating what may be accomplished by co-operation in the way of effect and comfort was exhibited at the New York show some years ago and is now on permanent exhibit at the national museum in Washington, corner of B and Tenth streets.

Exhibits of planting of small areas have been made in actual size at many shows. Through its member clubs it offers prizes for attractive cottage gardens, gasoline stations and refreshment stands. In some localities information and plants are contributed, and clubs are urged to inspire a love of gardening in its individual locality, and the movement has increased with remarkable rapidity.

Greatest Contribution.

The greatest contribution to the public given by a member club is being made by the Garden Club of Cleveland which maintains a garden center manned by a Lowthorpe graduate, a librarian and amateur helpers. The center gives to the public in Cleveland free information regarding planting the small home. Each month an exhibit is placed in the center so arranged as to increase interest and knowledge.

The outstanding accomplishment of the past year is the purchase of a redwood grove of 2,552.72 acres, situated on the Redwood highway. This

tract has been deeded to the state of California to be preserved for all time. The area selected is one of the most beautiful in the Redwood district. The acreage includes the entire watershed of Canoe creek for a distance of two miles.

Last year at the annual meeting the gold medal of honor of the Garden Club of America was presented to Dr. Liberty Hyde Bailey, of Cornell University, for his outstanding contributions to horticulture. This year the gold medal was presented to Mrs. Frances Sprague Sargent, of the Arnold Arboretum in Boston; to Mrs. Frank W. Prescott, of the Massachusetts Horticultural Society on its 100th anniversary.

Monday's Program. Luncheon hostesses for Monday include Mesdames James Floyd, Keaton Zahner, J. J. Goodrum, Cam Dorsey, Hugh Dorsey, P. S. Arkwright, Hugh Richardson Jr., Ada Hickey, Hunt Chipley, W. Exhibit of Tulips To Feature Meeting In College Park

In addition to the regular College Park Women's Club program scheduled for Wednesday afternoon, April 20, there will be a display of tulips grown by members of the garden division of the club. Mrs. Oscar Palmour, chairman, announces that the club's trophy, a handsome silver vase, will be awarded at this time for the best 25 tulips grown by a member of the division. Ribbons will be awarded also for the best dozen tulips; the best five red tulips; the best five pink; the best five lavender; the best five purple; five lavender; five yellow; best five of any other color. Another class of entries will feature the best specimen of one tulip of each color respectively. Besides the display of tulips, ribbons will be given for the best arrangement of garden flowers, consisting of not less than two varieties nor more than five varieties. All exhibitors are requested to enter their exhibits at 10 o'clock on Wednesday morning.

Just when we were wondering where our friend, Press Huddleston, was, and what he was doing, we met up with him on Marietta street one day this week. Press is always doing something wonderful and his thousands of friends will be interested to know that he is field representative in the Forward Georgia Movement sponsored by the Atlanta Chamber of Commerce. By establishing chambers of commerce all over the state he is doing much for the future interests of community and state.

Congratulations to "Red" Barron and his team for giving Atlanta the greatest thrill of a lifetime. For days after the great opening game, Thursday, April 14, nobody wanted their thoughts of the ball game disturbed. It was a glorious beginning.

Highlights of Beauty in Twelve Gardens Open Today for Visitors

Today inaugurates the garden tour being sponsored by the garden club of Atlanta in honor of the distinguished visitors attending the annual meeting of the Garden Club of America. With Mrs. Charles E. Sciple and Mrs. William P. Hill as co-chairmen of the visiting garden committee plans for today include the opening of 12 beautiful gardens from 10:30 o'clock until 1 o'clock and from 2:30 until 5:30 o'clock, each offering some particular charm for the guests. Only those wearing official badges are eligible for admittance in the below mentioned gardens.

Flaming tulips adorn the garden of Mrs. E. P. McBurney and row on row of these graceful flowers are blooming for the pleasure of the visitors. There, too, the charming little Dutch garden with the garden's house, informal flagstone walks, and abundance of flowers. From Italy and Austria were imported some of the garden's flowers of pale grey, green, blue, and white, which are etched against a background of green box, planted eighty years ago by forebears of Mr. and Mrs. McBurney.

Artistry and cleverness of Mrs. Preston S. Arkwright and of Mrs. Glenville Giddings, her daughter, are reflected in the plantings of the wide gardens of Pinebloom. From the sun-parlor the guests will descend to the out-of-door living room bordered with box where a gay striped umbrella, tables and chairs prove inviting. Wide borders of low running blue phlox strike an interesting color note in the formal garden composed of yellow tones of viola. Flagstones encircle the pool guarded by plantings of bleeding heart and in the rock garden native wild flowers and English roses in yellow and russet and English daisies, pink violets, lemon lilies, candy tuft and verbenas will nod a greeting to the visitors from well-kept flower beds and borders.

Mrs. Cooney's Garden. Mrs. Robert L. Cooney, president of the Peachtree Garden Club, hosts organization to the Garden Club of America, will open her beautiful garden on Ponce de Leon avenue, in Druid Hills. The formal garden constitutes the upper part of the floral landscape, its beds bordered with hundreds of boxwood, which express the keynote of typical southern gardens. Three flights of flagstone steps lead into the lower garden where the beautiful pool forms the central design, around which beds of roses blossom in gorgeous array. A rippling stream, with its stream of crystal clear water runs through the lower part of the garden and a row of Lombardy poplars form a windbreak and likewise graceful background.

In the garden of Mrs. Arthur Harris one finds an enchanting old well, brought from abroad by Mr. and Mrs. Harris. Fashioned of Venetian marble of delicate pink and the beautiful piece presents a delightful contrast to the green of the lawn and evergreens and fits perfectly into its setting, bringing with it a breath of foreign lands. Surrounded by a low iron work support which in days gone by held the bucket the well head is perfect in detail. Three terraces, one graced with the well head, another of flagstones, moss grown, and the lower one ornamented with a square pool where clear waters reflect the sun and background of tall evergreens, complete a charming whole. Mrs. James S. Floyd possesses an English garden of special charm. Enclosed with a brick wall overgrown with ivy it discloses English box in formal plantings. Bird baths grace the wide lawn and flowering plums border the drive. Steps descend to

the garden and beyond are blossoming plants where rare color combinations disclose the talent of Mrs. Floyd. Against the towering boxwood hedge at the rear of the garden are two figures carefully modeled by ancient craftsmen. One is "The Reaper" and the other, "The Hunter."

Mrs. T. C. Erwin's garden is graced by an age-old millstone which forms the base for a fine fountain. The stone in the garden. The old stone was brought from the Carolinas and on the surface which once rubbed the millstone was sent from California to the garden. The old stone was brought from the Carolinas and on the surface which once rubbed the millstone was sent from California to the garden.

Mrs. K. B. Zahner has an interesting terrace in the rear of her Peachtree Battle Avenue residence where evergreen shrubs and flowers are of interest. Groupings in her spring garden include flowering tulips and deep-toned pansies. Near the lake flowers which are grouped on the side of the green of the trees and wild azaleas grow in their natural woody environment.

Mr. Woolford's Garden. A rock garden fed by a natural spring where falling water trickles down into rocky caissons guarded by dainty flowers and native plants graces the beautiful gardens of Cater Woolford in Druid Hills. The fountain where slender sprays of water leap upward in the sunlight to fall in radiant drops into the water below gleaming with colored lights and the fall for bulbs are placed beneath the surface of the water. Along the banks of the stream which marks the boundary of the garden are native wild flowers growing in their natural beauty. In planning his garden he has developed the natural beauty of the woodland. Pink and white petal daisies are etched against the green of oaks and shrubs. Shade trees lift giant trunks in the garden and the garden is a perfect in detail. Three terraces, one graced with the well head, another of flagstones, moss grown, and the lower one ornamented with a square pool where clear waters reflect the sun and background of tall evergreens, complete a charming whole.

Miss Holcombe Weds Harold T. Raymond.

MACON, Ga., April 17.—The announcement made today by Mr. and Mrs. Jesse Leroy Holcombe, of Macon, of the engagement of their daughter, Miss Norma Elizabeth Holcombe, to Harold Theron Raymond, of Fort Meigs, Fla., is of cordial interest. The bride-elect is one of the most attractive young women in Macon. She is an honor graduate of Wesleyan conservatory, and she studied violin under Harrison Keller, at the New England Conservatory of Music in Boston, the winter of 1930-1931. Last winter she continued her studies at Wesleyan conservatory and will receive her B.M. degree in June.

On her paternal side she is the granddaughter of Almira Morris Holcombe and the late Jesse Holcombe, early settlers of Atlanta and on her maternal side she is the granddaughter of Martha Looney Harrison and the late Robert Tombs Harrison, of Franklin county. Mr. Harrison was a leader in politics during his lifetime.

Mr. Raymond attended Mercer University where he is a popular member of the Sigma Pi fraternity. He is the son of Mr. and Mrs. Arthur E. Raymond, now of New York city, formerly of Boston, Mass. His forefathers on his maternal side were originally from Nova Scotia and his paternal grandparents were early settlers of Massachusetts.

Peggy Lee Patterns

Paris sponsors the bolero frock for spring. And this charming frock, 17-A, is indeed a graceful vision of the mode, with its bell jacket, tapering revers and trim, pointed cuffs. A most stunning effect is achieved by the use of contrasting material swathing the hips and coming to a point in the front just below the beltline. Particularly note the slenderizing lines, the snug fitting sleeve and the general air of trimness this mode possesses. Here is a frock that can be smartly worn for many daytime occasions. Designed in sizes 14, 16, 38, 40, 42 and 44. Size 38 requires 33-5 yards of 36-inch fabric, or 3 1/2 yards of 39-inch fabric with 3 1/2 yards contrasting.

To get a pattern of this model send 15 cents in coins or stamps.

MRS. F. C. MANSON, 82, DIES AT HOME OF SON

Mrs. F. C. Manson, 82, formerly of Jonesboro, died Sunday at the home of her son, F. C. Manson Jr., at 930 Aldair avenue, following an extended illness. Funeral services will be held at 2:30 o'clock this afternoon at the First Baptist church in Jonesboro, and interment will be in the Jonesboro cemetery.

Mrs. Manson had lived for many years in Jonesboro, and came to Atlanta shortly before her death. Her son was formerly the state senator from the Jonesboro district, and is well known in politics in that section. In addition to the son, Mrs. Manson is survived by a sister, Miss Annie Crawford, and several grandchildren.

Miss Ann Pappenheimer Wins Sidesaddle Entry at Garden Hills

Lee Hopping Jr., is shown riding Lite Foot, the mount with which he won the gaited horsemanship contest in a competition held Saturday at the Garden Hills Riding Academy. Young Hopping was among a large number of contestants in this and other events. The youth is holding between his teeth the blue ribbon emblematic of the first prize. The photo is by J. T. Holloway.

Scenes of yesterday, when ladies fair rode sidesaddle in trailing habits and plumed hats were enacted Saturday afternoon in the closing entry of the young riding contest presented by 70 pupils of the Garden Hills Riding school, at the ring at Garden Hills, the first event of its kind to be held in Atlanta. First honors were awarded petite Miss Ann Pappenheimer, who, garbed in a becoming brown habit and handling her mount with expert skill, was adjudged the winner by Mrs. Edwin Russ, of Charleston, S. C., accomplished equestrienne and instructor of riding. Miss Deas Smith captured the red ribbon, while Miss Ann Skidmore was awarded the third place with Miss Jane Hilsman, fourth.

Thirteen entries comprised the exhibit and several hundred Atlantans lined the rail to watch members of the younger set perform. Major Trammell Scott acted as official ring master, assisted by Westervelt Terhune, Mrs. Russ judged the horsemanship, and Captain Albert G. Wing, United States army, judged the jumping. The contest was unique in that only the accomplishments and baby hands of the riders were considered by the judges in making decisions. The perfect control of the mount, the seat and light hands shown by the riders attest to the skill of Mr. and Mrs. A. S. Wheeler as instructors, under whose direction the contest was held.

The audience was most enthusiastic over the clever handling of her mount by Miss Mary Trammell Scott in the bareback class, which caused no little applause. Garbed in a cowboy outfit, fit for the role of a cowboy, she rode a runaway when the entries were leaving the field at the close of the event by her tactics. Small heels kicked the sides of her mount, while baby hands tightened and released the reins and every ounce of her small body came into action as she got her horse under control.

Miss Louise Bird, little daughter of Mr. and Mrs. Arthur Bird, riding with skill which brought envy to much older equestriennes, captured the laurels in class one by her apt handling of her pony from the Garden Hills stables. Miss Katherine Dickey Stevens was second, and Miss Emily Rich was third. In the second event, Dickie Stevens was awarded the blue ribbon, while Betty Cline, Dickie Stevens, George Dargan, Hoke Smith, Newton Craig, Bobby Bray, Lee Hopping, Terry Jacobs, Jack King, Bates Block, James Sibley and George McDuffie.

FRIENDLY COUNSEL BY CAROLINE CHATFIELD

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

DEAR MISS CHATFIELD: I am a pretty little town girl of 19. I was unable to go to college. I work in a store and help with the family expenses. We are trying to save enough to send my young brother to college. I am in love with a young man here who wants to marry me and share with me his poverty or riches. We went to school together and have known each other always. He has bought a farm and has a good start in life. Recently I have met a salesman from the biggest city. He believes in gaiety, laughter and big dreams of life. Sometimes he is a little cynical. He has secured a wonderful job for me in the city, where I stand a chance of making big money, more than I ever dreamed of making. Also there is opportunity there for a stage career. My parents tell me to decide for myself although I have told them I want to leave home. They think they need me here. My sweetheart is opposed to my going and promises to take care of my parents and send my brother to school if I will only come home and marry him. But—the thought of this wonderful career in the big city haunts me. Please advise me what to do.

ANSWER: It is shocking to hear that in this day of enlightenment there should be any province into which the story of the city slicker, and his proverbial methods with the country girl, has not penetrated. It is shocking to learn that any pair of parents do not see through the perfectly obvious scheme of a "salesman" from the biggest city to lure their daughter away from home with fairy stories of a big job, a stage career, and a pile of money. The theme as you have outlined it has been a favorite topic for novelists and dramatists for a hundred years. The movies harp on it, the newspapers play it up, the magazines carry variations on it and the radio stations fling it on the air. Yet in spite of all of this forewarning a modern girl and her parents are taken in and treat with serious consideration the nebulous proposition of a scamp.

Large salaries positions in the city are not open to country girls whose equipment consists in high school education and experience in a country store. Salesmen that "make" small towns are not in position to land big-moneyed jobs for small town acquaintances. They do not have pull with theatrical agencies or producers. If they had and could get to such people of influence and power they wouldn't be traveling salesmen.

Every few months there appear in the city newspaper warnings from some persons or organizations of prominence, to young women contemplating a move from the country to the city. They remind these girls that jobs are scarce, that talent of the highest order is already unemployed and that certain disappointment and probable disaster awaits them unless the position is secured in advance of the move and unless there is in the pocket a considerable amount of money to take care of living expenses for many months.

The newspapers are also full of the tragic stories of talented and beautiful young women thrown out of employment by the stringent times in the theater. Having beauties are hungry, talented actresses are in want, men and women experienced in stage craft, at home in the theater, and well known to producers, are walking the streets in search of employment. No country girl, no matter how beautiful, would have a Chinaman's chance to get a job on the stage now.

Primrose Garden Club Gives Luncheon Today at Mrs. Zahner's for Visitors

One of the initial social events planned for the entertainment of the visitors of the Garden Club of America, convening in Atlanta April 17, 18, 19 and 20, upon the invitation of the Peachtree Garden Club, will be the luncheon to be given Monday, April 18, by members of the Primrose Garden Club at the home of one of its members, Mrs. Kenyon Zahner, on Peachtree Battle avenue. Guests will be received by Mesdames Kenyon Zahner, Bolling Jones Jr., Edward Cuthbert and Louis J. Hoppe Jr., assisted by the club membership.

Primrose Garden Club was organized in 1928 by a group of flower lovers under the guidance of Mrs. Malcolm Fleming, with Mrs. Edward Cuthbert as its first president. The club has never seen fit to sponsor any other charity, but has followed a policy of contributing to various needy causes. The Community Chest, the Veterans Hospital No. 48 and other charities have been aided. Trees have been planted by the club along one mile of the Dixie highway near Marietta in the interest of roadside beautification. Primrose Club members are co-operating with the Henrietta Eggleston hospital in its series of benefit garden tours and will open its garden to the public during April.

Delegates representing the club at the meeting of the Garden Club of Georgia in Athens April 22 and 23 include Mesdames Gilbert Beers, Ed Cuthbert, Norman Coughle and Howard Smith, convocation. Officers of the club are: Mrs. Edward Cuthbert, honorary president; Mrs. Bolling Jones Jr., president; Mrs. Louis Hoppe Jr., vice president; Mrs. Robert Strickland Jr., recording secretary; Mrs. Walter Keenan, corresponding secretary; Mrs. Julian Chambers, treasurer.

Committee chairmen are Mrs. Kenyon Zahner, garden hints; Mrs. Ed Cuthbert, publicity; Mrs. Gilbert Beers, program; Mrs. George Campbell Jr., flower show; Mrs. Eugene Ransome, plants; Mrs. Carlton Smith, convocation. The club membership also includes Mesdames William C. Cram Jr., Logan Clarke, Roy Collier, Paul Dobkins, Beverly DuRose, Thorn Flagler,

Wycliffe Goldsmith Jr., Eugene Haynes, Harrison Jones, George Lowndes Jr., Howard McCall Jr., John Morris Jr., Julian Robinson, Charles Shelton, Clyde Williams and Robert W. Woodruff.

Wesleyan Groups Sponsor Benefit

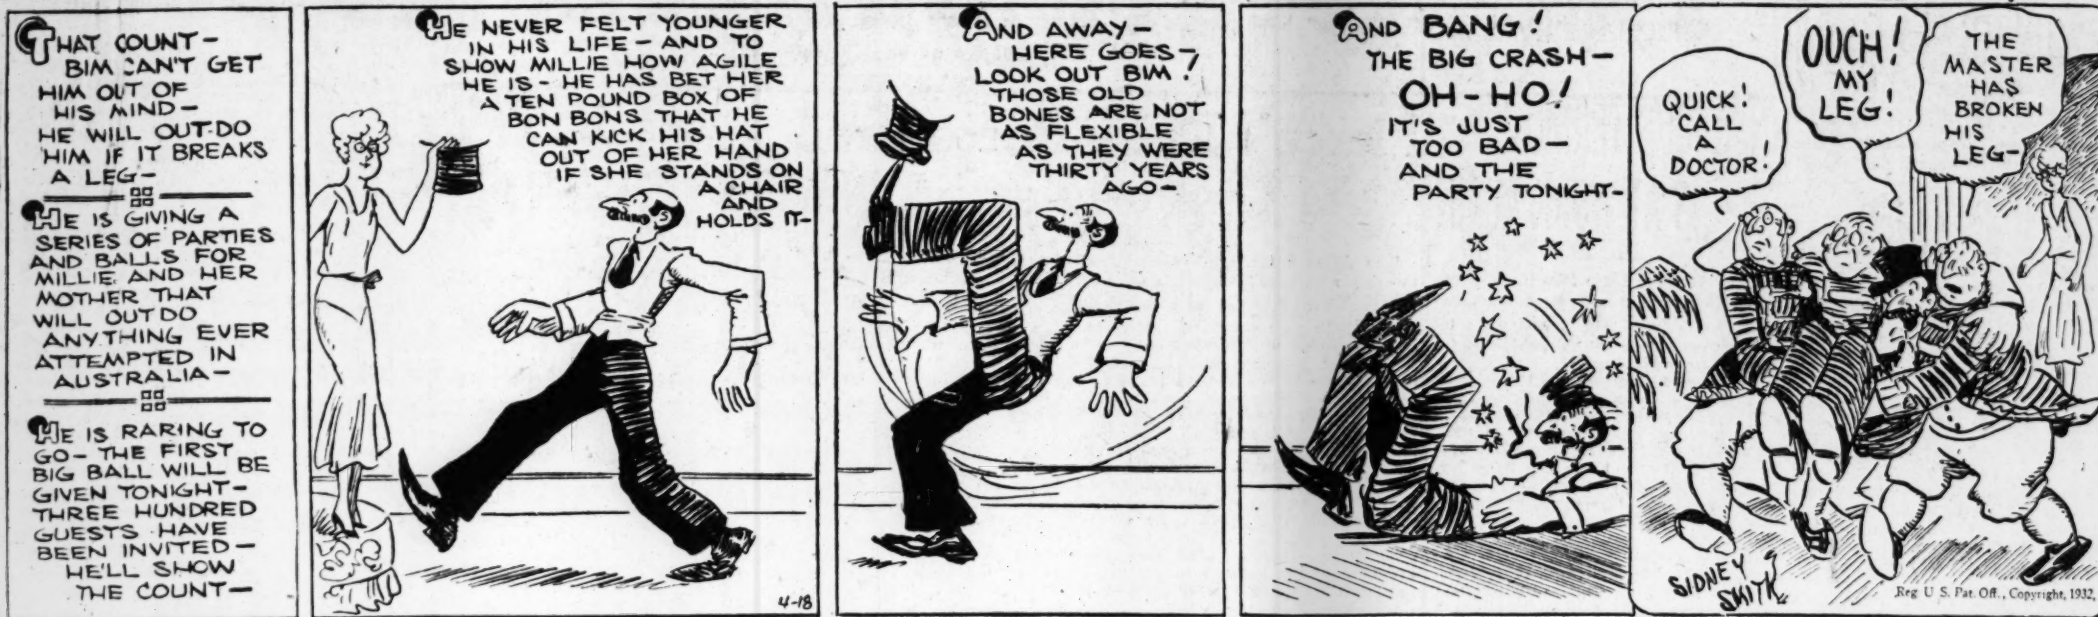

A benefit bridge party sponsored by Groups No. 1 and 2 of the Atlanta Wesleyan Alumnae Association will be given Friday afternoon, April 22, at 5 o'clock at Rich's tea room, and will assemble alumnae from all groups and their friends. Mrs. Nell Brown Coleman is general chairman, and requests that reservations, at \$2 per table, be made by calling Mrs. J. A. Metcalf, at Dearborn 1906-W.

Mrs. Metcalf, chairman of Group No. 1, and Mrs. William T. Asher, chairman of Group No. 2, have planned this benefit, in order to raise their quota for Alumnae House, which will be built on the campus of Greater Wesleyan College at Macon. Assisting with the preparations are the following alumnae from these groups: Mesdames Charles J. Haden, Henry W. Willis A. Sutton, R. B. Stallings, Robert G. Stephens, W. B. Williamson, W. H. Lewis and Miss Annabel Horn.

Benefit Bridge.

Ladies' Auxiliary of the Order of Sleeping Car Conductors will give a benefit bridge and luncheon May 20, at 10:30 o'clock, at Storch Brothers' store, 110 Walnut street. Reservations may be made by calling Mrs. E. C. Adams, Raymond 3079; Mrs. L. M. Ahern, Raymond 7244; or Mrs. B. Brantley

WHAT HAS GONE BEFORE: When Judy Allison had been in Chicago for six months without finding work her father wired her to return to her small-town home. Downcast by her failure, she went to the tea room in her rooming house. Dick Mason, chief radio announcer at WAOA, sat at her table. Impulsively Judy showed Dick her father's telegram. Following Dick's insistence, she reported for a radio tryout the following morning. From all the applicants, she was chosen for the "Beauty Builders" program. While Judy was talking with Elton Day, writer of script for her program, Lona Burdette came up and asked why he had thrown her down "for some new kid from the country." Day tells Judy Lona is a trouble-maker. While Judy was rehearsing with Elton, he received a telephone call which greatly disturbed him. When Judy returned home that night she found a telegram from Elton Day which read: "Don't report for work tomorrow. Had to give the part to someone else. Judy, I was preparing to go home to Kansas when Dick persuaded her to personally select the voice. As Dick was hurrying to tell her she had been chosen again, Lona met her in the hallway and said 'You got away with it this time, but you had no right. Judy questioned Day and in a veiled way he seemed to admit he had done something. Judy told Dick and Judy died together. He told her he loved her and then said he didn't have the right to tell. NOW ON WITH THE STORY."

"Haven't the slightest idea."

"But I thought you two always worked together on programs."

"Not any more," Day said quickly. "Not for a long time. Fact, Ad, I wouldn't even bother talking to Lona Burdette if I were you. I wouldn't run a competitor down for anything, of course." He smiled, indicating that Jenks should smile, too. And Jenks, obedient, did. "I wouldn't run a competitor down," Day repeated, "but most of her ideas are just—well, she's got a lot of imagination, you know. And she's developed some kind of persecution complex. Goes around saying this man or that man cheated her, or faked an audition, or—even said something like that about you, Ad."

"Me? Why?" The little man almost bonked in sudden anger.

"Yes," Day said smoothly. "Told me a lot of things about you. And I knew very well they weren't true."

"Never mind. Never mind," the little man said anxiously. "Miss Otis, when that Burdette girl comes in tell her I've got no time to see her. Tell her anything you want. See she stays out of here after this. Understand?"

"Yes, Mr. Jenks."

"And let's go, Miss Allison. Coming, Elton?"

"Of course," Day said, taking Judy's arm, squeezing her elbow ever so slightly. Saying, "We have a secret, you and I." Saying, "Didn't I do that neatly?" Saying other things. Making Judy remember Lona, whom she had almost forgotten, in the rush of the last few days: an enemy who could hurt Dick more than she could hurt Judy; an enemy who had planned to tell Jenks what?

Lunch went slowly. A tomato juice cocktail that she did not taste, jellied consommé which she hated, some sort of fish, a gorgeous and tasteless salad, coffee in a small cup. Then, suddenly Elton dropped from his perch to the real self Judy remembered so well. His eyes were sharp, his lips had tightened, there was nothing casual or detached about him now.

Business Sentiment Improves Despite Indecision on Taxes

BY FRANK H. McCONNELL.
NEW YORK, April 17.—(AP)—A little optimism was applied in the past week to some of the aches which have been afflicting business, but, pending among other things a final indication of what the new tax schedule will be, business as a whole continued passive.

The whole question of taxation is irritating at best, and several executives held that industry would prefer to embark on any important new programs until the tax bill was definitely out of the way. Many industries were said to be standing back until they can get a concrete idea on what effect new tax schedules may have on prices before they will elect to do more than merely carry on from a hand-to-mouth basis.

But regardless of the inevitable uncertainty which this question creates, there were some developments which created a fair degree of enthusiasm. Among these was the lifting of tension which for several weeks had gripped the utility industry. Announcement of a receivership for Middle West Utilities, order to pick up, is still expected. Production of automobiles last week, leading trade estimates showed, was only a shade greater than the week before.

COTTON ADVANCES AT NEW ORLEANS

NEW ORLEANS, April 17.—(AP)—While the cotton market at times was nervous and erratic the past week, the general trend of prices was slightly upward. The extreme spread of values has been about 20 points and declines near the end of the period under review cut the net gain down to about 8 to 9 points or a shade under half a dollar a bale.

Most of the trading was of a scalping character with buying on the breaks and selling on the bulges. Actual speculation was negligible, but there was moderate trade buying and some price fixing by the mills. The amount of hedge selling was rather light.

While the market responded quickly to the fluctuations in stocks, it showed considerable resistance to depressing developments. Prices were supported by a better demand for spots, although the actual spot sales were not particularly heavy owing to rather limited offerings. Although stocks both at ports and in the interior are still large, holders appear to be waiting for higher prices.

Another supporting influence was the delay to the new crop by the weather, which is now becoming an important market influence. There has been no rain recently in the western half of the belt and the soil is too dry for plowing and planting. In the eastern half of the belt, while there has been considerable planting, the low temperatures particularly cold nights, have been unfavorable for the proper germination of seed.

The progress of events in congress is still being closely watched and the delays there in balancing the budget and the senate's investigation of short selling have been causes of uneasiness and hesitation.

The continued good exports have been a supporting factor as the shipments continue to show a steady gain over the same week last year. Last week the following shows the high, low and closing sales in the New Orleans futures market during the past week, compared with a year ago.

HARVEY'S SPECIALIZES ON ITS SEA FOODS

In a large city like Atlanta there are thousands of people who eat from one to three meals every day in the downtown section.

Many of these people have their favorite place to eat and through force of habit, start for that place with the thought in mind of getting their favorite dishes.

There are, however, hundreds and hundreds of people who have no particular preference as to where they eat, many of them thinking that one good restaurant is like another and the food pretty much the same.

Atlanta, however, has in Harvey's restaurant at 98 Luckie street, a restaurant that has for meal for comparison with the best in this part of the country. The reason why these claims are made is that they have an international, well-known chef in Sam Dardarian, who first came into prominence with the Statler chain of hotels, then the big hotel, and later a nearly three-year connection with the Biltmore here in Atlanta.

Since Mr. Dardarian's connection as chef and owner to Harvey's this Atlanta restaurant is attaining an enviable reputation as a place where the choice in selection of all foods is made with the utmost care and then cooked or prepared in a way that appeals to the palate of the people who eat there.

Harvey's is the one place in Atlanta where you can get great varieties of sea food received by express daily, and their large window display of dozens of kinds of fish, lobster and shrimp is just one small sample of what they offer to the lovers of sea foods every day in the week.

With a variety of over 40 sea food lunches or dinners to choose from, the patrons of Harvey's may get their favorite broiled fresh pompano, tenderloin of red snapper, broiled or fried trout, shad roe, Spanish market, fried halibut, jumbo smelts, broiled lobster, oysters, clams and shrimps in all styles.

Special attention is given to the steaks, chops, poultry and game in season, and the patrons may have their meats or poultry fried or broiled just exactly as they want it done. This kind of personal attention is what guest coupled with the great varieties of food they can serve to a hundred or more people at one time, is in a large measure responsible for the success of Harvey's.

The manager of Harvey's, Fred B. Condra, is like Mr. Dardarian in that he has been for many years in charge of first-class restaurants. Before coming to Atlanta he was in charge of the Bismarck and Briggs in Chicago. His first Atlanta connection was with the famous old Silverman's restaurant in the Candler building and during his four years as manager there he made thousands of friends and many of them will be glad he is back in Atlanta after a short period down in Florida.

With Fred Condra in the front part of Harvey's and Sam Dardarian looking after the buying and supervision of the cooking, all Harvey's needed was the addition of another half dozen pretty girls to make their organization an efficient one from the kitchen to the front door. Is it any wonder that people of discriminating tastes in their foods, walk several blocks out of their way to get what they like to eat best and have it served with that courteous polite attention that a pretty girl can render with a smile?

BISHOP W. P. THIRKIELD HEADS CHURCH BOARD

Bishop Wilbur P. Thirkield, of New York, formerly of Atlanta, has been named chairman of the new committee on worship appointed by the Federal Council of the Churches of Christ in America, according to announcement Sunday. The purpose of the committee is "to cultivate the spirit of worship throughout the churches."

Mr. Thirkield's membership on the committee has been made by the officials of a score of denominations, each of which was invited to select its own representative upon the committee. Bishop Thirkield represents the Methodist Episcopal church. Rev. D. D. Atkinson, of Demorest, Ga., was selected to represent the Christian denomination.

EDITED BY M. D. GLEASON

INSIDIOUS TERMITE IS AT WORK AGAIN

The insidious little termite is gradually working its way back from the coastal plains of Georgia and is up as far as Rome in numbers large enough to cause damage.

This wood-eating little pest may look little and insignificant by itself, but when as many as 4,000 of them have been found in one nest, it would not take that number long to eat the heart out of the wood underpinning of an ordinary house, and cause not only loss of property but loss of life itself.

Termites are native of South America, and present to man a system of co-operation and direction that if followed out by man upon the relative size of man to this little member of the ant family, great constructive works could be accomplished every year all over this country.

Termites have a caste within themselves consisting of rulers, generals and soldiers, and it is the soldiers with their long thin necks on black bodies, with their powerful jaws that do the destruction in the wood they attack.

These destructive pests were first noticed in the lower part of the South Atlantic states bordering on the Atlantic and the Gulf of Mexico, later they moved on to the Pacific states.

In California alone less than five years ago the termite menace was recognized by the public utilities companies and leading citizens of that state to be so serious that a committee of 100 of the leading citizens representing all the important industries of that state and a great control campaign was organized and is at the present time doing very effective work.

In the results powerful toxic chemicals to destroy the termites and also to treat wood they would ordinarily attack.

The citizens of Georgia and adjoining states do not have to give up their time and money as the California people have done, for the Bruce Lumber Company, of Memphis, which is the largest hardwood company in the world, came out a few years ago with a powerful chemical treatment that is being considered by eminent authorities as the most effective remedy and preventive yet devised.

This remedy was first sold to anyone who would buy a gallon or more, and in using powerful toxic chemicals, one individual would follow the directions intelligently another would carelessly waste the chemical and blame the company for the most effective remedy and preventive yet devised.

A territorial system was then worked out by the Bruce Lumber Company and a large number of competent people or branch managers who organized their sales forces and trained their men to inspect, treat and prevent future termite destruction. Success of the Bruce company soon brought imitators into the field and now to impress the home or building owners with their own reliability the Bruce company through every authorized representative is giving a five-year bond, that once they treat any large or small building for termite eradication, they will bond themselves to treat that same building without cost until the last termite is destroyed.

Recognition of Atlanta's importance as a distributing center, the E. L. Bruce company has located one of its most important branches here under the name of the Termite company, and it is under the management of W. H. Sullivan, a trained expert, who himself goes with some of his crews to see the extent the termites have destroyed the underpinning in some buildings, and advise with his foremen as to most effective way to get rid of them at once and prevent their return for all time.

Mr. Sullivan says his office here and headquarters for north Georgia at 110 Ponce de Leon avenue will quickly respond to phone call over Walnut 3131, or Arthur W. Berry, Y. M. C. A., at Macon; J. B. Bomar, General Freight and Express, at Columbus, 1701 Carter place, at Columbus, to any requests for a free inspection of any property where the owners may see white flying ants may be warning, indicating that their soldier slaves are already started upon their attack of the palatable wood they desire.

Pierce's Dairy Recognized As One of Best in Nation

The Atlanta territory is beginning to attract nationwide attention among the health authorities and dairymen as a leading center of dairying.

Dairy owners are building fine new barns and making general improvements in and around their dairies faster than elsewhere in this country.

To the credit of most of the men that supply Atlanta with milk, they have taken all the good features of the older dairies in the north and central western states and added all the latest improvements in devices and methods that have come out or are being used.

To all these they add some innovations of their own that are now giving their northern brethren some things to copy to keep up in their class.

When the large dairymen supplying Atlanta cannot beat the big dairymen of the north in the fine breeds of their herds they put their check books in their pockets and go up there and buy the best cows and bulls.

There are not less than 20 of these dairymen who are at the present time building up herds with the injection of cattle that were not prize winners elsewhere.

A visit to the P. E. Pierce dairy on North Peachtree road, just a little to the left beyond Chamblee, would be a revelation to the average Atlanta citizen who has no idea of the great strides dairies like his have made in the past five years.

Visitors to his model dairy are impressed with the modern facilities, double surrounding the well-built barns and nice dwelling house.

Instead of the old-time bad-smelling cow lot along the roadside with the cows wallowing in mire, as most city dwellers picture in their minds these country dairies, the approach to Mr. Pierce's dairy is through beautiful flowering shrubbery flanked by a nice lawn.

The contented cows come into a cement-floored barn that is washed twice a day, so clean that even the most fastidious people could eat dinner in it and yet not detect

any odor from a large herd of cattle that had been fed and milked in that same barn but a few hours before.

P. E. Pierce is an enterprising young dairymen who has profited by the older dairymen's mistakes. As a result, his progress has been rapid these past five years and he now rates low in bacteria count and high in butter fat every month.

Many of his hundreds of satisfied customers write or phone him how pleased they are with the rich, creamy milk he is sending them every day.

Mr. Pierce talks to his drivers and milkers and impresses them with the thought that in order to retain or better the high weekly average, every man must keep striving.

In the matter of dairy barn equipment and rolling stock Mr. Pierce waited until his friends and neighbors tested out various kinds and then he bought the best.

Now with the aid of electricity the care of many cows is done quicker and with less labor effort than it took to look after a few cows in the old way.

Mr. Pierce lists the major steps of progress in his dairy during the past five years as follows: Building of a specially designed barn with a cement floor that would drain quickly; the installation of electric power and high pressure, forced deep well water, which turned the cleaning of a cow barn from hard, disagreeable work into a few minutes' play; electrical refrigeration and cooling room; a specially designed barn with cupping of Grade A natural milk and putting a date on it that guarantees to all his customers that the milk they receive from him is never over a few hours' old.

In addition Mr. Pierce began to gradually build up his herd with fine pedigreed Jerseys and recently added prize-winning Holsteins. Thousands of dollars have been spent in general improvements on buildings, grounds and rolling equipment in the last few months to make Mr. Pierce's one of Georgia's model dairies.

COTTON GOODS SALES DECLINE IN MONTH

NEW YORK, April 17.—We have never known the market to be quieter in March and April than it has been this year.

There are many things to account for the dullness, but they do not change the fact. The same situation exists in most lines of trade. Hopes for a spring up in January for at least some pickup failed to realize. Misfortunes to important financial interests came as a blow; slow progress of the new tax bills in congress did not help matters and, all told, we have been struggling against great odds.

Faced by these facts, it is no wonder that mills concluded that their only salvation was to cut production in line with consumption. On certain classes of goods this reduction has already been made; in others, it is just beginning to start. We feel that it is called for throughout the entire industry.

There are a few goods being bought from day to day, but they are mostly just what are needed for immediate or early shipment. Buyers are showing very little interest in contracts. Second-hand are getting most of the immediate print cloth business but it is small.

Sheeting and drill pieces are barely steady; but cloth generally has held unchanged; broadcloths easier.

Since hope always exists, there is a feeling that the approach of really warm weather might bring some little better inquiry. Our customers tell us, however, that a considerable part of the large print cloth purchases of January have not yet reached the retail counter and that we must be moderate in our expectations for another 60 days.—HUNTER & CO.

Wall Street Briefs.

NEW YORK, April 17.—R. G. Dun & Co. reported today that textile trade insolvencies in the first quarter reached record proportions, having 382 and involving liabilities of \$17,028,000. There were 16 per cent more failures than during the last quarter of 1931, while the amount involved exceeded the total for the previous three months by 21 per cent.

A protective committee has been organized to represent holders of the first mortgage bond of the Virginia Sugar Company. Thomas L. Chadbourne is chairman of the group. Approximately \$10,200,000 of the

GAIN IN STEEL RATE SEEN FOR THIS WEEK

CLEVELAND, April 17.—(AP)—A gain of a point or two over last week's steel making rate of 22 per cent is predicted for this week by the magazine Steel.

The chief gain is expected at Birmingham, where, due to the resumption of work at two blast furnaces and at the Ensley mills of the Tennessee Coal, Iron and Railroad Company, the rate is expected to jump from 21 to almost 50 per cent. A "modest increase" at Youngstown and a comeback at Cleveland also are predicted.
